

The Guiding Principles

As we prayed through the process of overcoming the challenges before us the Lord revealed these principles to guide our way.

1. Quality

All FBC ministries need to be conducted with excellence in planning, promotion and execution.

Excellence requires appropriate allocation of time, resources, and personnel.

2. Harvest Mindset

We must maintain a focus on evangelism, thus ministry and event planning must focus on sharing the gospel and the discipleship of those reached. There is no higher purpose.

3. Clarity of Purpose

Each ministry and event must have a clear purpose and periodically be evaluated against that defined purpose.

Less effective strategies must give way in terms of calendar and resources to more effective and/or higher priority ones.
