

FRANCE

JULY 4-12, 2026

The team will serve at Project Northern Lights (PNL) in Marseille. Marseille is one of the busiest seaports in Europe. PNL is focused on putting physical gospel resources into the hands of North African and Middle Eastern immigrants who are leaving France and traveling back to their home countries. For many, this is the first gospel resource they have had and will be the only way to get those resources into closed Muslim countries.

We have 2 spots available for the trip. A valid US Passport that expires after July 12, 2027 is required for this trip. For more information, visit <https://www.imb.org/give/project/project-northern-lights/>.

Partners: IMB Missionaries John T & Elizabeth and Steve & Molly
